

CERTIFICATE

Learning Together, Sinerconsult's Erasmus department certifies that Mirjana Bagaric has attended and completed the ERASMUS+ mobility training Digital Competences in Education, from 13th July - 18th July 2025,

Description

Digital competence is the set of knowledge, skills and attitudes that should be acquired by all people in order to ensure critical and creative use of ICT and digital media for the purpose of achieving goals related to work, learning and/or leisure. The European Commission's European Digital Competence Framework for Educators (DigCompEdu), aims to promote digital competence (DC) and innovation in education.

It is essential that teachers to make learning and teaching effective should become familiar with the digital competence and develop a set of DC in order to take advantage of the potential of digital technologies. This action aims to contribute to developing the DC of teachers and their ability to implement innovative teaching and learning strategies. The ambition is to create favorable conditions for educational practices that promote the development of students' digital skills.

Objectives

- Promote the development, deepening and densification of teachers' DCs, with a view to the 6 areas of the DigCompEdu benchmark;
- Enable teachers to carry out activities with digital technologies in different modalities of education of teaching;
- Train teachers to implement activities that promote learning and the development of students' DCs development of the students' DCs;
- Stimulate reflection, sharing and critical use of technologies in the educational context;
- Work with feedback to understand its positive contribution toward student motivation;
- To identify and share good practices that can be implemented at a local level;
- Enhance communicative competencies in English and social skills;
- Promote intercultural awareness.
